PROFILE

I am pursuing computer science because I have been fascinated by technologies in general and computers in particular from the beginning. I am hungry for understanding and learning new skills and am inspired by the subject's complexity and beauty. I also enjoy mathematics as it provides me with problems solving skills.

SKILLS

- Web Design
- Design Thinking
- Front End Coding
- Problem-Solving
- JavaScript
- React.js
- Bootstrap
- SASS

EDUCATION

BACHELOR OF LAW

Ain shams university
May 2022

A1 ON THE COMMON EUROPEAN FRAMEWORK OF REFERENCE (CEFR)

The American university in Cairo
March 2019

- I have completed the requirements for Survival English at The American University In Cairo.

A2 ON THE COMMON EUROPEAN FRAMEWORK OF REFERENCE (CEFR)

The American university in Cairo
October 2022

- I have completed the requirements for English for Effective Communication at The American University In Cairo.

FRONT-END BOOTCAMP

Self-learning

- I have completed learning Front-end by myself in different resources such as Elzero web school, FWD, Scrimpa, and Udacity. It took two years to learn Html, CSS, Javascript, React.js, Bootstrap, SASS, and some of tools like GitHub and command line. In addition, I have some projects I made when I was learning in my portfolio and GitHub.

EXPERIENCE

VODAFONE
